

Roadway Design Engineer

Horrocks Engineers is seeking a highly motivated Roadway Engineer to support the engineering highway projects in our Denver and Greeley, CO offices. If you are interested in challenging ways to expand and broaden your engineering experience, come join our team of engineering professionals. Our team members have the opportunity to be involved in large, multi-discipline projects while developing diverse skill sets. Consider joining our team and advancing your career while contributing to our on-going success

Essential Duties and Responsibilities:

- Design and analysis of freeways, interstate highways, interchanges, urban and rural roadways, and shared-use trails
- Prepare studies, reports, plans, specifications, and cost estimates for a wide variety of transportation projects
- Support project managers with client relations, stakeholder management, and sub consultant coordination
- Coordinate and work with a team of project managers, design engineers, technicians, and support staff to successfully complete a variety of projects
- Take ownership of projects from start to finish

Education and/or Experience Requirements:

- Bachelor's degree in civil engineering from an accredited college or university
- 5-10 years' experience
- Professional Civil Engineering certification (P.E.)
- Knowledge and experience with Microstation, InRoads and/or Geopak, AutoCAD Civil 3D, and other applicable software common to the field of transportation engineering
- Experience with DOT's plan preparation procedures and standards
- Experience with Federal Lands Highway plan preparation procedures and standards is a plus
- Hydraulics and traffic experience is a plus
- Excellent written and oral communication skills
- Self-motivated, detail-oriented professional with strong organizational skills
- A desire to grow personally and professionally with each project while working in a team environment to create designs and drawings supporting our client's overall project goal

Horrocks Engineers may identify additional skills and requirements for the hiring process. For a confidential interview, send resume to jobs@horrocks.com. Only applicants selected to interview will be contacted.

Horrocks Engineers is an Equal Opportunity Employer. Applicants will be considered without attention to race, color, religion, sexual orientation, gender, veteran or disability status.
